• What you can expect from Professor Warwick's Medicolegal Practice

- I am in current full time clinical practice as a Fellowship trained and Diploma qualified Hand Surgeon. I have been preparing medical reports for over 26 years- over 5000 PI reports and over 700 Clinical Negligence Reports.
- My reports are scrupulously independent of the source of instruction and contain a range of opinion if I see one exists. For this reason, to date I have not yet needed to attend Court to be scrutinised on my opinion.
- I appreciate, and comply with, the cost and time pressures associated with litigation.
- All Claimants are dealt with in a sympathetic and professional manner.
- I welcome formal and informal discussion with the legal parties to help resolve matters for the Court.
- My opinion is based upon many years of experience of medicolegal practice with current high-level clinical experience, an exceptional academic practice and up-to-date training in both medico-legal and clinical matters.
- My medico-legal work is fully indemnified by Sempris.
